The Art Necessity Of Critique

Critique can be painful at first, but if you understand that it is designed to result in a better product, then it becomes one of the most important activities in your artistic growth. That critique, that I remember so vividly, taught me the importance of value.

The Importance of Critique in Art

Art criticism is an important facet in the process of creating, sharing, and understanding art. What makes art so important is its ability to evoke a variety of responses. Sometimes the artist's intent and a viewer's perception of a work of art do not match. But these are the instances in which internal and external dialogue begin.

Why Art Criticism Is Important — Contemporary Musings

If criticism is devalued, artists and curators have no other choice in the current crisis of relative values but to heed the market's siren song. Art criticism is important because it creates a place for a work of art to mean, irrelevant of market forces. An Art Fair, via hotel-r.net.

4 Reasons Critiques Need to Be Part of Your Curriculum ...

The principles of art represent how the artist uses the elements of art to create an effect and to help convey the artist's intent. The principles of art and design are balance, contrast, emphasis, movement, pattern, rhythm, and unity/variety. The use of these principles can help determine whether a painting is successful, and whether or not the painting is finished.

The Art of Constructive Criticism | Psychology Today

Art criticism grew exponentially in the 19th century, when artists began to make works with an uncertain future. Rather than working for the church or state, whose commissions demanded ideological and often stylistic conformity, artists had become freelance and seemingly free-spirited producers for a market that was not always there.

Art criticism - Art criticism in the 19th century | Britannica

Actually all modern art is design which is based on rejecting any CRAFT. Few samples of modern art could be considered as art...Francis Bacon playing with the concept of space made with amazing craft. Duchamp is the father of design and Kandinsky is the father of modern art-both stated their principles very clear at the same time.

What Are The Principles Of Art (Or The Principles Of Design)?

Art criticism is the discussion or evaluation of visual art. Art critics usually criticize art in the context of aesthetics or the theory of beauty. A goal of art criticism is the pursuit of a rational basis for art appreciation but it is questionable whether such criticism can transcend prevailing socio-political circumstances.
