Bridging the gap between the palm-sized iPod touch and a full-sized computer, Apple's iPad 2 offers enough screen area and horsepower to perform the day-to-day tasks most people want to do. Packed with practical knowledge, this book will walk readers through how to manage their most common projects, from the simple (setting up a calendar event) to the complex (planning a vacation) and everything in between.

The iPad 2 Project Book on Apple Books

Unlike most other how-to books that cover all the potential features, training and troubleshooting, this book exclusively focuses on getting things done. This book is not for those who want to learn how to use an iPad, rather it's about learning how to do stuff with an iPad.

Amazon.com: Customer reviews: The iPad Project Book
